REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the prior art cited of interest Olivares (5,886,140), Moore (4,904,730), and Householder (3,763,021) teach removing residual monomers from polymerization dispersions by using stripping methods. The prior art does not teach using the specific antifoaming agents or application to polymerized toner production methods and there is nothing of record to suggest the use of such in prior art in toner applications

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Mark A. Chapman whose telephone number is 571-272-1381. The examiner can normally be reached on Monday - Thursday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Mark Huff can be reached on 571-272-1385. The fax phone number for the organization where this application or proceeding is assigned is 703-872-9306.
